

# Staff Summary Report

Council Meeting Date: 09/12/02

Agenda Item Number: 14

**SUBJECT:** This is the first public hearing for El Dorado Crossings Retail Center for a 6<sup>th</sup> Amended General Plan of Development for El Dorado Crossings and a Final Plan of Development for a restaurant and retail building, including a variance, located at 744 West Elliot Road.

**DOCUMENT NAME:** 20020912dsrh03

**PLANNED DEVELOPMENT (0406)**

**SUPPORTING DOCS:** Yes

**COMMENTS:** Hold the first public hearing for **EL DORADO CROSSINGS RETAIL CENTER** (Wanda Tang & William R. Olsen, property owners) for an Amended General and Final Plan of Development for a new 12,600 restaurant/retail building located at 744 West Elliot Road. The following is requested from the City of Tempe:

q-j

**#SGF-2002.56** A 6<sup>th</sup> Amended General Plan of Development for El Dorado Crossings and a Final Plan of Development for a 4,200 s.f. restaurant and for a 8,400 s.f. retail building. The total new building area is 12,600 s.f. on 1.44 net acres, located at 744 West Elliot Road.

Variance

Reduce the minimum required east side yard building setback from 40' to 10' in the PCC-1 Zoning District.

**PREPARED BY:** Hector Tapia, Senior Planner (480-350-8331)

**REVIEWED BY:** Steve Venker, Planning & Zoning Manager (480-350-8331)

**LEGAL REVIEW BY:** N/A

**FISCAL NOTE:** N/A

**RECOMMENDATION:** Staff – Approval  
Planning Commission - Approval  
Public - None

**ADDITIONAL INFO:** El Dorado Crossing is a commercial center located between Kyrene Road and Roosevelt Street on the north side of Elliot Road. The proposed 12,600 s.f. building which includes YC's Mongolian restaurant, amends the previously approved plan of record. All required parking is provided on site and traffic circulation appears to work well. Staff supports the variance requested since it is typical within shopping centers and should not be detrimental to surrounding property owners. Parcel 6 is the last vacant parcel left within El Dorado Crossings Commercial Center.

- ATTACHMENTS:**

  - I. Floor Plan, YC's Mongolian Restaurant
  - J. Floor Plan, Retail Building

## **HISTORY & FACTS:**

1972. Tempe's General Plan indicated most of the land on both sides of Elliot west of the Western Canal as light industrial, including the subject site.
1978. Tempe's General Plan indicated most of the southwest corner of the City (bounded by the two branches of the Western Canal) as light industrial, including the subject parcel.
- September 9, 1982. City Council adopted Ordinance 991 annexing the subject site, along with approximately 80 acres on the west side of Kyrene to the north.
- March 17, 1983. Tempe's General Plan was amended by the Southwest Tempe Development Plan, which established a Growth Node bounded by the Western Canal, Elliot, Priest and the I-10 Freeway, within which the City hoped to locate a regional mall. High density residential, with a limit of 5,500 units, was encouraged in this area; this limit was justified by constraints on the City's sewer service capacity, which has since been removed by construction of the South Tempe Water Reclamation facility.
- May 17, 1985. Council rezoned 41 acres including the subject property from AG to IBD at the north west corner of Kyrene Road and Elliot Road.
- February 16, 1989. General Plan 2000 was adopted, showing Growth Node for most of the Southwest Overlay District west of Kyrene, including the subject parcel. This designation was not changed in the regular amendment that became effective in May, 1992, but the amendment modified language concerning the mix of uses in the Growth Node.
- October 13, 1994. City Council approved a General Plan 2000 amendment to reflect 18 acres of commercial along with PCC-1 zoning and a General Plan of Development for Canyon Springs Shopping center consisting of 150,300 s.f. on 17.5 acres at the NWC of Elliot and Kyrene.
- June 8, 1995. City Council approved the request by El Dorado Holdings, Inc. for a zoning change from PCC-1 and IBD to I-1 for 18.045 net acres.
- December 18, 1997. City Council adopted Tempe's General Plan 2020. The new General Plan designates the subject property as Commercial: Retail.
- February 26, 1998. City Council approved an Amended General Plan of Development for El Dorado Crossings.
- April 14, 1998. City Council approved an Amended General and Final Plan of Development for Parcel 6 which included an approval for a 3-story, 139 guestroom extended stay hotel, including a use permit to allow a residential hotel with kitchen facilities. The approval was made subject to 13 conditions.
- April 8, 1999. City Council approved an Amended General Plan of Development for El Dorado Crossing consisting of 12,483 s.f. of total building area on 3.11 net acres and a Final Plan of Development for Parcel 3, for a Sonic Drive-In Restaurant, consisting of 1,383 s.f. of building area on .77 net acres, including a use permit to allow a drive-in restaurant in the PCC-1 Zoning District and a variance to allow restaurant parking canopies to encroach into side yard setbacks along the east and west property lines.

January 11, 2001. City Council approved an Amended General and Final Plan of Development for El Dorado Crossing consisting of 2 retail buildings for a total of 17,656 s.f. building area on 2.5 acres, including a variance to reduce the required side yard setback from 40' to 5' for Parcel 2.

December 5, 2001. The Design Review Board approved the site plan, elevations, and landscape plan for Alpha Graphics, this request.

January 17, 2002. City Council approved the 5<sup>th</sup> Amended General Plan of Development for El Dorado Crossings, a Final Plan of Development for Alpha Graphics, and an Amended Final Subdivision Plat for two lots (Parcel 6 and 7).

August 27, 2002. The Planning Commission continued this request until September 10, 2002.

September 10, 2002. Planning Commission approved a 6<sup>th</sup> Amended General Plan of Development for El Dorado Crossings and a Final Plan of Development for a restaurant and retail buildings on Parcel 6.

**DESCRIPTION:** Owner – Wanda Tang and William R. Olsen  
 Applicant – Michael Jorgensen  
 Architect – Cawley Architects  
 Engineer – JMA Engineering  
 Existing zoning – PCC-1

El Dorado Crossing – Amended General Plan of Development  
 (Parcels 1, 2, 3, 6, and 7)

Total site area – 5.66 net acres  
 Total building area – 43,119 s.f.  
 Total Lot Coverage – 18%  
 Landscape Provided – 21%

Final Plan of Development, Parcel 6 – Retail/Restaurant

Site area – 1.44 net acres  
 Building area – 12,600 s.f.  
 Building A (Restaurant) – 4,200 s.f.  
 Building B (Retail) - 8,400 s.f.  
 Maximum lot coverage required – 25%  
 Lot coverage provided – 20%  
 Parking required – 90 spaces (Restaurant: 56, Retail: 34)  
 Parking provided – 96 spaces  
 Bicycle parking required – 6 spaces  
 Bicycle spaces provided – 6 spaces  
 Landscape required – 20%  
 Landscaping provided – 23.4%

**COMMENTS:** El Dorado Crossing is a commercial center located between Kyrene Road and Roosevelt Street on the north side of Elliot Road. On January 17, 2002, City Council approved a request for the 5th Amended General Plan of Development of El Dorado Crossing, a Final Plan of Development for Alpha Graphics (Parcel 7), and a Final Subdivision Plat. A variance was also included, on that approval, to reduce the minimum side yard building setback from 40 feet to 12 feet (eastside of Parcel 7). This new request is similar to that request but now involves Parcel 6.

This request now is for the 6th Amended General Plan of Development of El Dorado Crossing (Parcels 1, 2, 3, 6, and 7), a Final Plan of Development for a restaurant/retail building (Parcel 6) and one building setback variance. The proposed 12,600 s.f. building which includes YC's Mongolian restaurant (4,200 s.f.) and retail space (8,400 s.f.), amends the plan of record of the previously approved plan. Parcel 6 is the last vacant parcel left within El Dorado Crossings Commercial Center. No outdoor dining is requested.

Variance

The variance request is to reduce the minimum side yard building setback from 40 feet to 10 feet (eastside of Parcel 6). Staff supports the variance requested since it is typical within shopping centers and should not be detrimental to surrounding property owners.

Parking/Circulation

All required parking is provided on site and traffic circulation appears to work well. Cross access agreements between parcels (to the east and west) should keep interior traffic circulation between businesses off of Elliot Road.

Staff supports the General Plan of Development amendment and the Final Plan of Development, including the variance request. This variance is typical within shopping centers and consistent with other building setback variances approved at this site. Staff recommends approval subject to conditions. To date, no public input has been received.

**RECOMMENDATION:** Approval

**REASON(S) FOR**

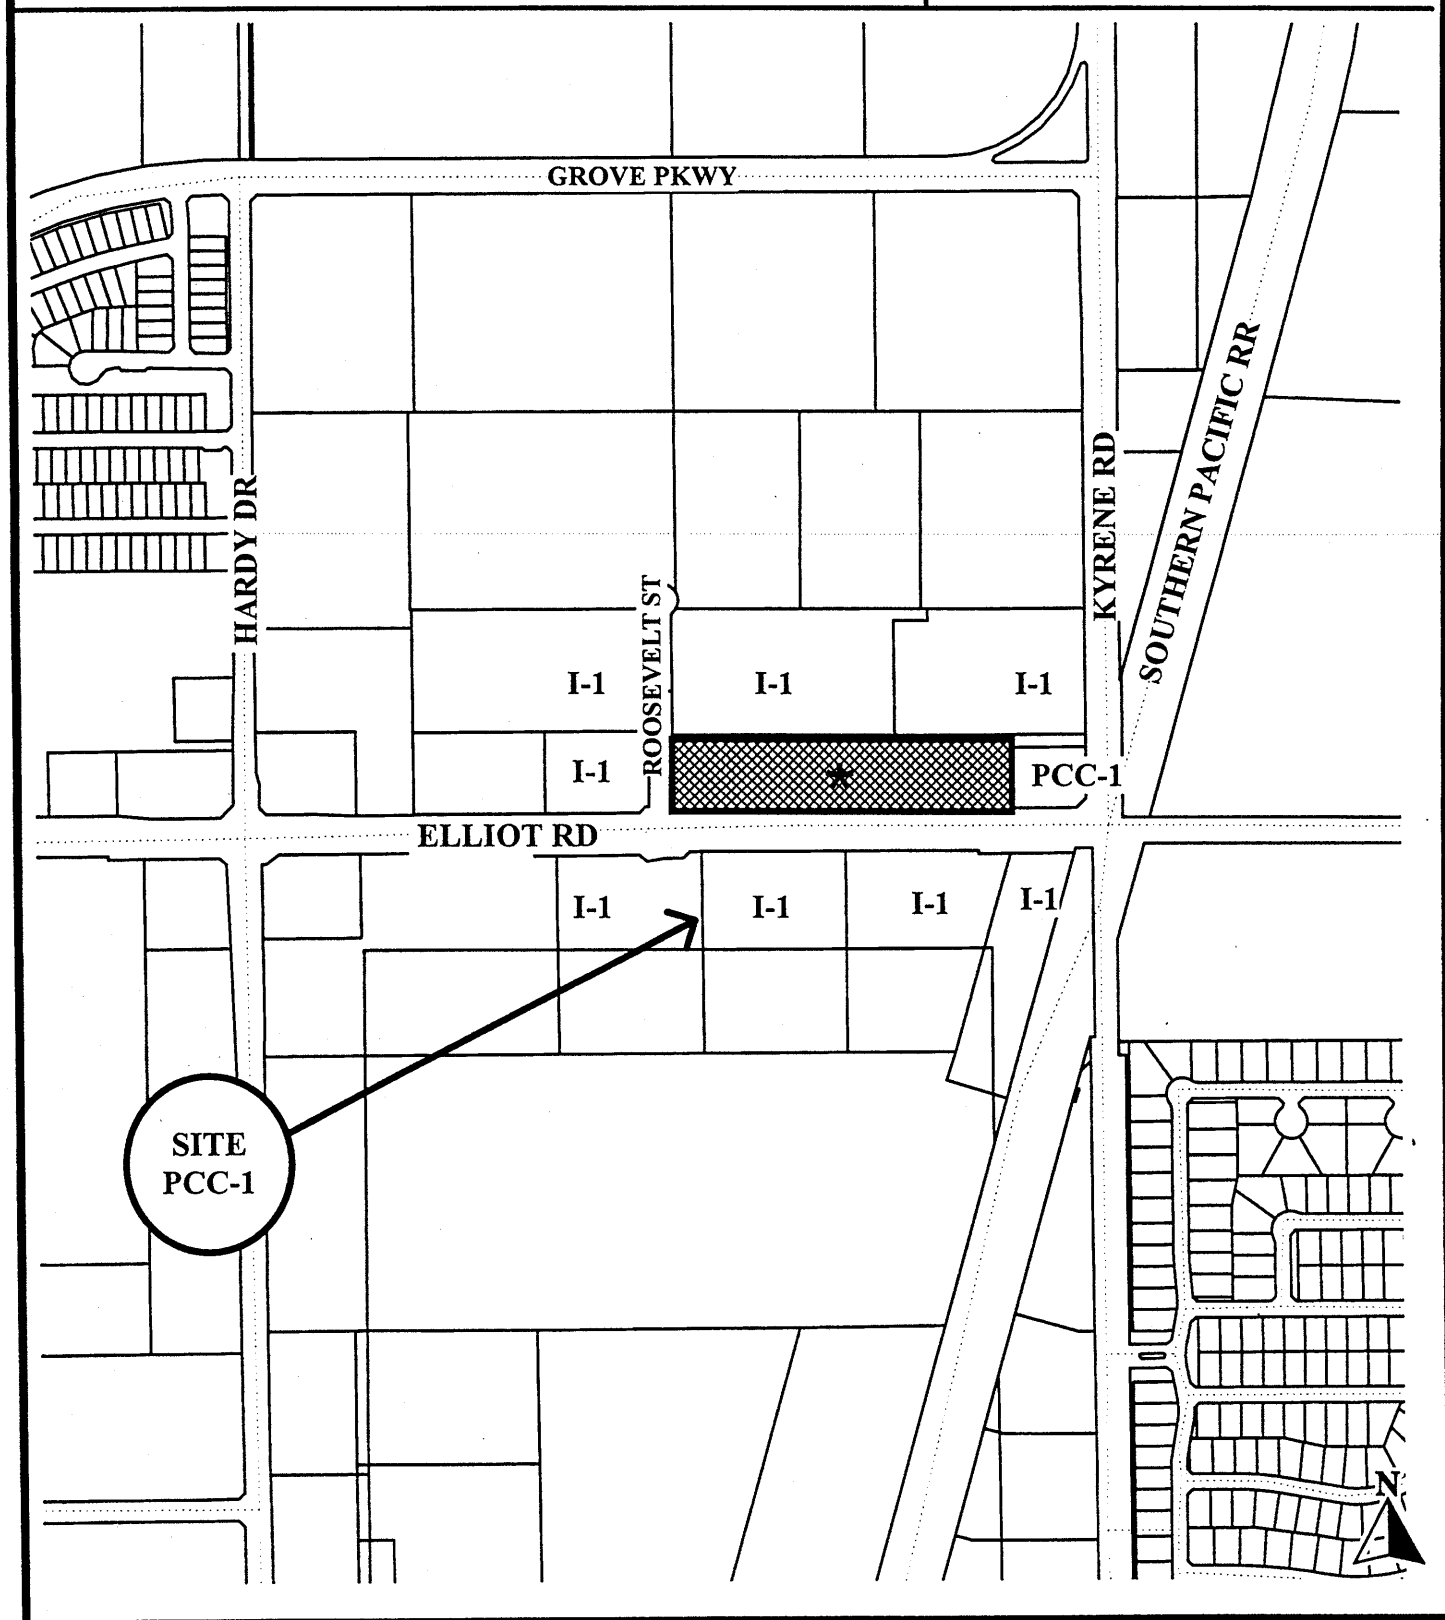

- APPROVAL:**
1. The requested amendment to the General Plan of Development of El Dorado Crossing and the Final Plan of Development for Alpha Graphics appear to be consistent with previous approvals.
  2. The variance requested is typical within shopping centers and should not be detrimental to surrounding property owners.

**CONDITION(S)  
OF APPROVAL:**

1. a. The Public Works Department shall approve all roadway, alley, and utility easement dedications, driveways, storm water retention, and street drainage plans, water and sewer construction drawings, refuse pickup, and off-site improvements.  
  
b. Off-site improvements to bring roadways to current standards include:
  - (1) Water lines and fire hydrants
  - (2) Sewer lines
  - (3) Storm drains.
  - (4) Roadway improvements including streetlights, curb, gutter, bikepath, sidewalk, bus shelter, and related amenities.  
c. Fees to be paid with the development of this project include:
  - (1) Water and sewer development fees.
  - (2) Water and/or sewer participation charges.
  - (3) Inspection and testing fees.
2. All new and existing, as well as on-site and off-site, utility lines (other than transmission lines) shall be placed underground prior to the issuance of an occupancy permit for this development in accordance with the Code of the City of Tempe - Section 25.120.
3. The applicant/owner shall join the El Dorado Crossings Commercial Center association to provide a revised continuing care condition, covenant and restriction for all of the project's landscaping, required by Ordinance or located in any common area on site. The CC&R's shall be in a form satisfactory to the Development Services Manager and City Attorney.
4. No variances may be created by future property lines without the prior approval from the City of Tempe.
5. A valid building permit shall be obtained and substantial construction commenced **on or before September 26, 2003** or the variance shall be deemed null and void.
6. The General and Final Plan of Development shall be recorded prior to the issuance of permits, and shall show cross access to be maintained throughout this site over the driving aisles. No changes or modifications to the driving aisles will be allowed without the prior approval of the Engineering Department.
7. The developer shall provide the City with satisfactory evidence of cross access onto adjacent property to the west and east, prior to the issuance of a building permit.
8. Outdoor dining is not part of this request. If the applicant/owner decides to add outdoor dining in the future, a use permit shall be requested and parking required re-calculated.
9. The General and Final Plan of Development and the Final Plat shall be put into proper engineered format with appropriate signature blanks and recorded **on, or before, September 26, 2003** with the Maricopa County Recorder's Office through the City of Tempe Development Services Department. The Planning Division, prior to recordation, shall review details of the document format.

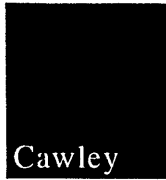

# EL DORADO CROSSING- RETAIL BUILDING

SGF-2002.56

Request

A

**Architects**

**To:** City of Tempe  
Planning Commission  
**From:** Michael Jorgensen  
Cawley Architects, Inc.  
**Subject:** Elliot Road Retail Center  
744 West Elliot Road  
**Date:** July 30, 2002

## **LETTER OF INTENT**

---

Members of the Planning Commission:

We respectfully request approval of the Amended General and Final Plan of Development for the commercial property described with this letter of explanation. This request also includes a side yard variance as detailed in the attached Letter of Explanation and narrative justification.

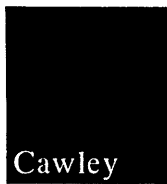

Our clients intend to develop a 62,758 square foot site for the purposes of constructing a new 8,400 square foot retail building and 4,200 square foot YC's Mongolian restaurant. All proposed uses are permitted uses for the PCC-1 District.

This project is a part of the El Dorado Crossing General Plan of Development and this request represents the Sixth Amended General Plan of Development. Previous amendments include use permits, front, side and rear yard variances. This request involves the development of Parcel 6 which is approximately 62,758 square feet. This is the second parcel from the previously replatted Lot 6. The variance and the amended General and Final Plan of Development are consistent with the previous approved developments and General Plan Amendments.

Thank You,

Michael Jorgensen  
Cawley Architects, Inc.

Architects

## LETTER OF EXPLANATION / NARRATIVE FOR VARIANCE

---

As a part of the amended General Plan and Final Plan of Development, a request is made for a reduction in the required side yard set back along the east property line boundary of Parcel 6. The required side yard setback for the PCC-1 district is 40'. This request is for the reduction of the 40' side yard to 18'. The required landscaping along this property line will be maintained. The request is not to eliminate the setback entirely as it provides a landscaping buffer from the adjacent property.

The development trend of the El Dorado Crossing is that of individual sites ranging from 33,000 to 67,000 square feet with individual retail buildings similar to pad sites. To achieve the densities allowed by ordinance and provide the required parking, emergency vehicular circulation, landscaping and storm water retention it is necessary to reduce the side yard. If the required side yard setback is maintained the resulting effect would be a reduction of the building area by 1,928 square feet. This result is site coverage of only 17%, which is 8% less than the 25% allowed by Ordinance. Additionally, the requested side yard setback reduction is 8' and the actual distance between the new Alphagraphics and the existing building to the east on parcel 2 is 53'-10". The resulting visual appearance is consistent with the previously approved side yard variances for Parcels 2 and 3 and 7 of the El Dorado Crossing. This variance for Parcel 6 is not a material detriment to the neighborhood as it does not affect current uses and densities of the PCC-1 District and does not allow relief from any item expressly prohibited by the City of Tempe Ordinance.

Thank You,

Michael Jorgensen  
Cawley Architects, Inc.
